SUSTAINABILITY & CIRCULARITY IN TEXTILE VALUE CHAIN BY MANAGING POST CONSUMER TEXTILE

नवी मुंबई
महानगरपालिका

PUNAR&SUTRA

ABOUT THE INITIATIVE

- **Navi Mumbai**, one of India's cleanest cities, is now leading in textile circularity.
- With support from Textile Committee & Navi Mumbai Municipal Corporation, discarded clothes are collected from societies, sorted, and upcycled by SHG Womens.

About the Collection

Every year, tons of fabric complete their first journey — as garments, upholstery, or industrial textiles. Most of it is discarded.

Punarsutra gives these materials a second life.

This collection transforms post-consumer textile waste into thoughtfully designed products that are:

- Sustainable
- Handcrafted
- Story-driven
- Socially impactful

Each piece carries a past — and is reimagined for the future.

Why Punarsutra?

PUNARSUTRA

**Because sustainability is not just recycling
it's reimagining value.**

Material Story

Each product is made using:
Post-consumer garments
Factory surplus fabric
Discarded textile scraps
These are:

Cleaned
Segregated
Reconstructed
Handcrafted into new products

Impact

Every product contributes to:
Environmental Impact
Reduction in textile landfill waste
Lower carbon footprint compared to new fabric
Social Impact
Livelihood generation for artisans
Skill development in upcycling techniques

Customization & Collaborations

We work with : Architects ; Interior Designers
Corporates ; Institutions ; NGOs

Custom solutions available for:

- Large installations
- Thematic collections
- Branding requirements
