ZERO WASTE

Our Ecosystem

Green SHGs

Mobilizing and empowering women through green livelihoods, ethical craft production, and sustainable skill-building.

Green Scrap

Bridging waste collection with creative repurposing, transforming discarded materials into high-value functional design.

Mission Shunya

The collaborative networking stage connecting creators, green innovators, agencies, and conscious consumers.

Explore the Experience

A hands-on showcase of ideas, materials and skill that move us towards a zero-waste future.

Upcycling Fabric Displays

Creative installations and product showcases featuring post-consumer textile waste transformed into lifestyle goods, garments and accessories.

Loom & Charkha Demonstrations

Live spinning and weaving demonstrations that connect traditional craftsmanship with contemporary sustainability.

Tapestry Weaving

Meet artisans and explore intricate tapestry techniques using reclaimed and sustainable threads.

College Student Innovation Showcase

A dedicated platform for young designers, student researchers and academic institutions to present sustainable concepts and prototypes.

Agency & Material Innovation Displays

Discover multi-material innovations and upcycled products across fabric, glass, plastic, metal and wood.

Your Ideas Belong Here

CALL FOR PARTICIPANTS & STAKEHOLDERS

We invite agencies, designers, artisans, students, researchers and innovators working across waste streams to join us, showcase your work on our open stage and inspire change.

We will be doing events in Mumbai to start with

EXHIBIT & NETWORK

Dedicated zones to exhibit, connect and exchange ideas.

SELL YOUR CREATIONS

Bring your products and explore new audiences.

COME BE PART OF THE MOVEMENT

Share your research, prototypes, products and practices.
Let's make circularity visible, practical and inspiring.

Send an email about you and your work
